

Universalist Church of Spokane On-Line Member Directory Access Policy & Agreement

Current members of the Unitarian Universalist Church of Spokane (here after “the Church”) are entitled to access the Church Directory and Contact information published on a password-protected page of the Church’s website. Additionally, friends of the Church and staff members whose contact information appears in the current Church Directory may also be given access at the discretion of the Administrator.

The Administrator shall issue the Church Directory and Contact information website page (here after “the Page”) user name and password to persons requesting access with the understanding that such access is governed by the stipulations as per the On-Line Member Directory Access Agreement below.

The Administrator may periodically change the Page user name and/or password in order to maintain strict confidentiality of the Page contents. When such a change is implemented, all members having signed the On-Line Member Directory Access Agreement will be notified in writing within ten (10) business days of the change.
